

## Unleashing the benefits of diversity – for scientific innovation

**CAROLINE SIMARD, PHD**  
Stanford University  
*Managing Director*  
*VMware Women's Leadership*  
*Innovation Lab*

### Abstract:

In this talk I will review the research on the benefits of diversity for innovation, and unpack the critical factors that teams should consider when seeking to leverage the benefits of diversity for innovation. Participants will leave the session with research-based actions to further inclusion and innovation on their teams.
